Meeting Date	October 15, 2007

Discussion Item	Revision of Title 12, Trees and Vegetation, Chapter 12, Urban Forest
Background	<p>The Urban Forest chapter of the Takoma Park Code requires property owners to obtain a permit prior to removing trees from their property or engaging in construction activity that may endanger trees on or near their property. Neighbors and other interested persons are entitled to present evidence in support of protecting or preserving trees at a hearing before the Tree Commission prior to the issuance of final tree permits.</p> <p>To ensure that interested persons receive notice of the proposed construction activity or tree removal, the Code requires the posting or mailing of notice of the City Arborist's preliminary approval of a tree permit and notice of the right to appeal the preliminary approval to the Tree Commission. However, if the Arborist preliminarily denies a permit and the applicant appeals the denial to the Tree Commission, the Code does not require the posting of notice of the appeal. Therefore, interested persons do not have the opportunity to present evidence in support of the denial to the Tree Commission before the Commission renders a final decision on the application, which may result in the granting of a final permit.</p> <p>The proposed amendment would require posting or mailing of notice of an appeal of the Arborist's preliminary denial of a tree permit or tree protection plan, thereby providing the public an opportunity to present evidence in support of protecting or preserving urban forest trees.</p>
Policy	The Urban Forest Chapter is intended to give persons interested in the protection or preservation of trees the opportunity to present evidence in support of the trees before the issuance of a final tree permit. The proposed amendment furthers that policy by requiring the posting or mailing of notice of appeals of preliminary denials of tree permits and notice of the right to present evidence regarding the trees to the Tree Commission.
Fiscal Impact	<ul style="list-style-type: none"> • Additional cost and staff time associated with mailings and postings of notices. • Slightly higher legal costs resulting from longer Tree Commission hearings and longer Tree Commission opinion and orders.
Attachments	Proposed ordinance.
Recommendation	Discuss the proposed ordinance and provide direction to staff.

CITY OF TAKOMA PARK, MARYLAND

ORDINANCE NO. 2007-

An Ordinance Amending the Urban Forest Chapter to Provide Residents with Notice of Tree Commission Hearings Regarding Appeals of Tree Permit Denials

WHEREAS, under the current Code, the City does not require the posting of notice of the City Arborist's preliminary denial of a tree permit application; and

WHEREAS, as a result of the absence of such a notice requirement, when a tree permit applicant appeals the preliminary denial of a tree permit to the Tree Commission, the Tree Commission may reverse the denial and grant a final tree permit without neighbors and other interested individuals having had the opportunity to present evidence in opposition to the application; and

WHEREAS, the City intends for the public to have an opportunity to present evidence in support of protecting or preserving urban forest trees before the issuance of a final tree permit.

NOW, THEREFORE, BE IT ORDAINED BY THE COUNCIL OF THE CITY OF TAKOMA PARK, MARYLAND.

- C. The permit applicant also may appeal the denial of a permit within 15 days after the date that the City Manager notifies the applicant of the denial of a permit for the removal or destruction of a tree covered by this chapter._
1. If the permit applicant appeals the denial of a tree permit, the Department shall post notice of the hearing on the property in question in plain view from the public right-of-way, on a bulletin board at the Municipal Building, and on the City's web site for at least 15 consecutive days prior to the hearing date. The applicant is responsible for maintaining the notice on his or her property for the entire posting period. The City Manager may continue the hearing until a later date and immediately post notice of the continuation if he or she determines that the applicant failed to maintain the notice for the entire posting period.

- D. There is a rebuttable presumption that the decision of the City Manager with respect to a permit application is correct.
